

Sophos

Sophos is the world leader in integrated threat management solutions purpose-built for business, education, and government. Sophos reliably engineered, easy-to-operate products protect over 35 million users in more than 150 countries from viruses, spyware, Trojans, phishing, spam, internet policy abuse, and unauthorized applications. Sophos vision, commitment to research and development, and rigorous attention to quality have enabled Sophos to maintain strong year-on-year growth and the highest levels of customer satisfaction in the industry.

With 20 years experience and consolidated anti-malware, anti-spam, and policy enforcement expertise, Sophos provide proactive, effective protection against security threats, while giving system administrators the insight and control they need. Matched by business-focused, 24/7 technical support, Sophos respond rapidly to both known and unknown threats, no matter how complex they are.
